

Program Guidelines

Overview

Sunrun provides an Adoption & Surrogacy Assistance Program to enable an equitable path to parenthood for all Sunrunners. The program provides a one-time maximum reimbursement of up to \$25,000 toward eligible adoption and/or surrogacy expenses.

General Guidelines

The intent of this program is to enable eligible Sunrunners to welcome an eligible child into their family. Ineligible adoptions include, but are not limited, to:

- Stepchild
- Child of your domestic partner
- Child of any member of your (employee) household
- Child of blood relation

Adoption Agency Requirements

A bona fide adoption agency is an established commercial organization or agency that provides adoption services and that has a valid business license that adheres to federal, state or local laws.

Surrogacy Contract Requirements

A fully completed surrogacy contract is one that results in you being recognized as the parent of a child on a birth certificate, court order of adoption and/or post-birth court order recognizing your parental rights under applicable law and does not violate any federal, state or local laws.

A bona fide surrogacy agency is an established U.S. commercial agency or organization that provides surrogacy services and that has a valid business license that adheres to federal, state or local laws. Examples of surrogacy services include, but are not limited to consultation,

screening and matching process through to the delivery of a child and return-to-home plans.

Eligibility

Eligible employees include all full-time, regular benefits-eligible employees (working 30 or more hours per week), regardless of marital status, with 12 months of consecutive service at the time of the adoption and/or surrogacy birth event who:

- Have met local and/or state legal requirements to adopt;
- Are legally adopting a child under 18 years of age (or over 18 years of age if they are incapable of self-support because of a mental or physical disability that existed before age 18); and
- Are actively employed with Sunrun Inc. when the reimbursement is made.

This policy is applicable to legal and finalized adoption and/or surrogacy arrangements on or after January 1, 2023. Employees who recently welcomed a child via adoption and/or surrogacy into their family before January 1, 2023, are not eligible. Employees must submit all documentation for reimbursement no later than 12 months following the date of the final adoption process or birth of the baby via surrogate.

Note: To receive any reimbursement, your parenting rights must be finalized and legally recognized under applicable U.S. local, state and/or any other laws **on or after** January 1, 2023. Since state laws vary, the documentation of your parenting rights may vary by state. Examples include, but are not limited to, the child's birth certificate listing you as the parent, a court order of adoption or post-birth order establishing your parental rights. If your parental rights were recognized under applicable state

Program Guidelines

Maximum Lifetime Reimbursement Amount

Effective January 1, 2023, Sunrun Inc. will reimburse you one time up to a maximum of \$25,000 for expenses incurred related to a legal and finalized adoption and/or birth of a baby via surrogate. You may be reimbursed for qualifying expenses that are related to and incurred by you pursuant to a fully completed and lawful surrogacy contract after the birth of a baby via surrogate and/or after the adoption process is fully completed, according to the local regulations.

Please consult your legal advisor when commencing adoption and/or surrogacy arrangements. Please consult with your personal tax advisor for assistance on your

personal tax returns to determine whether you should make an adjustment to your income tax withholding.
