In California: Services may be available on an in-person basis or via telehealth from the enrollee's primary care provider, treating specialist, or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with California law. Enrollees that have coverage for out-of-network benefits may receive services either via telehealth or on an in-person basis using the enrollee's out-of-network benefits. Note: out-of-network benefits, if available, will generally include higher out-of-pocket financial responsibility and no balance-billing protections. Please refer to your benefit plan documents for specific information about your benefit plan and out-of-network benefits.
